Rail R10

The R10 wall rail is produced from high quality aluminium and is suitable for 20kg/44lbs per meter (size 17 x 12 mm/0,7 x 0,5 inch).

Available in 2 colours:

White/primer

A lively and bright primer white (RAL 9016) which can be repainted without any special preparations.

Alu/silver

Anodized aluminium, gives a very contemporary and robust look.

Each rail is separately packed in shrink wrap to avoid surface damage.
